ECO-FRIENDLY

MIFL0157

VELVET TOUCH FILM

Velvet touch matte film products feature a revolutionary top-coated matte surface that offers an unparalleled look and feel. These films create a haze-free matte finish that will not distort graphics or shift colours. The matte finish also offers added scuff resistance with a soft velvet touch that is ideal for high-end applications of all types.

Recommended Applications and Settings

- **Film Highlights:**
Soft velvet feel with a true matte finish
- **Recommended speed:**
4-6
- **Recommended temperature:**
230 - 250 degrees
- **Tip:**
If delamination occurs, add more heat and lower speed. If film is shrinking, your lamination is too hot.
