AEROCUT Prime - Air Feeder

MAAEROPRIME

The Aerocut Prime is an ideal solution for finishing, especially for short-run digitally printed applications, such as business cards, post cards, invitations, greeting cards, leaflets, tickets and more. The complete package offers full versatility and convenience of the machine. The Prime has the capability to perforate stocks both across and along feeding direction by adding on an optional perforating unit.

Intuitive Operation

The 7" touch screen allows operators to setup more programs and run the machine intuitively and instantly.
