JBI Alpha-Doc MK4 Automatic Punch

MAALPHADOCMK4

The Alpha-Doc MK4 gives you the extra mile you need to enhance your productivity. This remarkably userfriendly high speed machine is able to punch up to 65 reams per hour*. The dynamic size change is controlled by a conversational touch key screen and ensures precision punching of a wide variety of documents now including wall calendars with thumbcut. The large capacity of the high pile feeder and reception provides maximum productivity.

High productivity

With the large capacity of the high pile feeder and reception trays, the Alpha-Doc Mk4 can punch up to 65 reams / hour without the operator standing by.

*80 gsm paper, allowing time for loading/unloading operations and pending on paper and ink quality.

Features

- High productivity: with its new top speed of 90 cycles / min and the large capacity of the high pile feeder and reception trays (6 reams), the Alpha-Doc Mk4 can punch up to 65 reams / hour without the operator standing by.
- Versatility: the Alpha-Doc Mk4 can punch a wide variety of paper stock and covers including tab cut sheets and also wall calendars with thumbcut.
- Simple formatting: just follow the instructions on the conversational touch key screen and pre-set standard formats allows size change over in less than 2 minutes.
- Wide choice of punching dies: Lhermite® original hardened steel dies provide long life time. They can be changed in less than 5 minutes. Retractable pins allow to produce clean and perfect holes for all types of sheet sizes.
