## CardMac Pro Business Card Slitter

MACARDMACPRO

The CardMac Pro is a great choice for ease-of-use. This tabletop business card cutter produces standard 2" x 3 1/2" business cards at speeds up to 50 cards per minute, using the most popular 10-up cutter format. In addition to standard business cards, it also has the capability to be adjusted to create a variety of other card sizes, including several pre-set cuts for different paper sizes.

### Uses two different blades

The first blade is a rotary style blade that is fixed at the 3 1/2", while the second blade is a guillotine style. The blades are adjustable to create cards from 1.18" up to 9.84".

# CardMac Pro

Electric Business Card Slitter

## Features

- The CardMac Pro is also a gutter-cut business card cutter.
- Creates thin strips of paper between each card, which is important when printing full-bleed business cards.
- One-pass cutting; this means you only need to insert your sheet into the machine once to produce cards (most machines require two passes).
- Two different blades to produce business cards (and other cards) in a single pass. The first blade is a rotary style blade that is fixed at the 3 1/2", while the second blade is a guillotine style, and adjustable to create cards as small as 1.18" up to as large as 9.84".
- Replacement blades are readily available.
- Pre-Set Card Sizes:
  - 3 1/2" x 1.77" (Letter / A4 Paper)
  - 3 1/2" x 2" [Standard Business Card] (Letter / A4 Paper)
  - 3 1/2" x 2.2" (A4 Paper)
  - 3 1/2" x 3.74" (A4 Paper)
  - 3 1/2" x 5" (Letter / A4 Paper)
  - 3 1/2" x Customizable Dimension (1.18" x 9.84")

## SPECS

Cards Cut	50/min
Max Thickness	350 gsm
Paper Width	Letter (8.5" x 11")
Cards / Sheet	10
Bleed Margins	Yes
Self-Sharpening	Yes
Waste Tray	Yes
Feed System	Horizontal
Digital Display	Yes
Operation	Electric
Electrical Req.	110 V / 60 Hz
Dimensions	22" L x 15.5" W x 8.5" H
Weight	32 lbs
