

SOUTHWEST BUSINESS PRODUCTS LTD.

From Bindings to Branding

FastBind Elite Perfect Binder

MAFAELITE

Fastbind's unique rotary binding method makes the Elite the most flexible system available. It quickly produces hard/soft cover perfect bound books. The rougher opens the paper grains to ensure a solid bind. It's easy to use with self adjustments for book thickness from 2 to 400 pages. The Fast Bind Elite is odorless and quiet it can produce up to 180 books an hour, with a maximum thickness of 1.6". The maximum sheet size is 12".

Roughener

FastBind Elite features the exclusive paper grain opener (PGO) system. Unlike other spine rougheners that grind the spine creating lots of noise and dust, the roughener opens the paper grains with very little noise and there is no paper dust.
