FastBind Pureva XT Perfect Binder

MAFAPIREVAXT

The Fastbind Pureva XT offers digital finishing a compact and versatile all-in-one solution for high quality PUR and EVA production. Now anyone can take advantage of the PUR technology with a remarkably low investment and use as a bonus one machine for all binding needs: thanks to its integrated casing-in system, Pureva XT produces effortlessly both soft and hard cover books for higher margins and a versatile product range. The Fast Pureva XT can produce up to 180 books an hour, with a maximum thickness of 1.6" and a maximum sheet size is 17.7".

Switch from PUR to EVA

The Pureva XT innovative glue mechanism is easily changed thanks to the economical glue cartridges, making it possible to change from PUR to EVA glue in seconds
