From Bindings to Branding

FlexiPunch-E Electric Punch

MAFLEXIPUNCHE

The Akiles FlexiPunch-E is a versatile modular punching machine with an affordable price that gives you the binding options you need. You can do a coil binding job, and minutes later squeeze in a wire or comb binding project using the same punch. The high volume punch capacity will punch up to 20 sheets of 20lb paper per cycle.

Interchangeable Die Sets

Interchangeable die sets with quick die change design makes it easy to change from one punch pattern to another within seconds, no tools needed. Choice of 4 different punch dies from Plastic Binding, Wire 2:1, Wire 3:1, and Coil 4:1.

Features

- High volume punching capacity: the heavy duty electric punching mechanism can handle up to twenty sheets of 20lb paper per cycle. Plus, the flexipunch-e offers a foot pedal control that allows for two handed punching
- Heavy-duty punching motor: the flexipunch-e offers a heavy duty commercial quality electric punching motor that provides more than enough punch power for all die sets and punching patterns
- Interchangeable die sets: you can easily change from one punching pattern to another. No tools are required and it only takes seconds to switch patterns
- Fully disengageable punching pins that allows punching of all paper sizes without partially punched holes at either end
- Four available punching patterns
