Cut-True 15M Manual Paper Cutter

MAFOCUTTRUE15M

The Formax Cut-True 15M Manual Paper Cutter features a hardened steel blade to easily slice through paper stacks up to 2.15" high. Its Guillotine blade and LED Laser Line combine to offer precision cutting with minimal effort.

Simply load a stack of paper, up to 16.9" wide, secure with the geared clamp, and pull down on the lever arm; it's that easy.

Accurate cuts

Using the spindle-guided back gauge and calibrated scales, operators can make fine adjustments, while the Laser Line shows exactly where to cut.
