Cut-True 16M Manual Paper Cutter

MAFOCUTTRUE16M

The Formax Cut-True 16M Manual Paper Cutter combines accuracy with ease-of-use in cutting paper up to 18.7" wide. With its hardened-steel Guillotine blade and lever-activated blade arm, it has the capacity to cut through paper stacks up to 3.15" with razor-sharp precision.

Using the LED Laser Line, spindle-guided back gauge and calibrated scales, operators can make fine adjustments, and know exactly where to cut.

In addition to accuracy, the Cut-True 16M provides the highest standard of safety with front and rear transparent covers, blade lock, external blade depth adjustment, easy-to-use blade change safety tool, and a wooden paper push for safe alignment. It also includes a rugged all-metal stand and feet for tabletop use.

Easy to Use

The Cut-True 16M is ideal for transforming brochures, invitations and more, with crisp, professional cutting, and makes a great addition to print shops and in-plant finishing.
