Cut-True 22S Electric Paper Cutter

MAFOCUTTRUE22S

The Formax Cut-True 22S Electric Paper Cutter offers precision cutting for paper stacks up to 16.9" wide. This semi-automatic cutter requires very little effort, thanks to its electronically-controlled two-button operation. Simply load a stack of paper, up to 1.75" high, secure with the geared clamp, and press the buttons to engage the hardened-steel Guillotine blade.

Accurate cuts

Accurate cutting is easy with its spindle-guided back gauge with LED digital readout and calibrated scales. The LED Laser Line allow operators to make fine adjustments and see exactly where the blade will cut.
