## Graphic Whizard PT 330PF - Pile Feeder

MAFSPT330PF

The PT 330PF is an automated pile feeder designed to run in-line with offline finishing equipment to streamline the feeding process for handfed machines. With a 4" vacuum pile feeder and conveyor outfeed, the 330PF can handle a wide variety of stock weight and sizes. Sheet counter, gap control and variable speeds mean the 330PF can be adjusted to conform to a variety of feeding jobs.

### Easy Operation

The machine is easy to operate and allows for variable coating thickness control and variable speed control. Features such as easy set handles, standard IR and wiper blade, and vacuum hold down ensure that this machine is user friendly, and quick to set up.
