Graphic Whizard FinishMaster 150

MAGWFM150

From the floor model design with its 30 inch-long register board, to the conveyor outfeed delivery, everything about the FinishMaster 150 spells productivity. Operating at speeds up to 20,000 standard-size sheets per hour, the 150 is ideal for mid to long run finishing. Anvil-style perforation provides a burr-free flat finish. Blades can be changed in seconds, without removing any shafts. Production and value in one package.

Easy to Use

A simple economical solution for low volume or occasional creasing
