DIGITAL CREASING / PERFORATING

iCrease Pro +

Crease and perf in a single pass

Easy-to-use hand-feed operation

Memory locations for quick and easy job recall

Automatic sheet set-up with a single touch

User-friendly touch screen control

As easy as:

Combines creasing and perforation in one simple yet powerful machine.

Rotary Action Creasing Assembly

Perforating Assembly

Touch Screen Controller

The COUNT™ iCrease Pro + is a robust solution for creasing and perforation of digital media to eliminate cracking when folding. Get all of the automation of bigger COUNT machines in a simple hand-feed machine anyone can use. The iCrease Pro + can crease and perf in one pass (no need to refeed!), with multiple crease locations and perfect bind covers, with choice of automatic hinge placement or no hinge.

Sheet set-up is automatic for 11 types of folds, including perfect binding, and 12 custom presets. Perforations are also a snap with 5 interchangeable perf options, including 2 micro-perf options.
