EPK-24 14" Electric Plastic Binding Combo

MAPBEPK24

The EPK-24 is a heavy duty electric punch and manual binding machine for plastic comb binding. It features fully disengageable dies, 14" max length punching capacity and 4 position punching depths for production of different size documents. Easy to use foot pedal for punching. All metal construction.

Depth Punch Adjuster

The Depth Punch Adjuster allows the user to control how far into the margin they punch, thus thicker documents are punched at proper depth.
