Plastic Coil Inserter SW/HD 4170

MAPK4170

The SW 4170 Coil Inserter Module has 12" dual powered rollers with an adjustable lower roller for high performance and easier more accurate coil insertion. It has gauges to measure document thickness and coil sizing. An essential piece of binder equipment, the SW 4170 coil binding system can be used as a stand-alone production coil inserter or it can be attached to any Rhin-O-Tuff Power Punch machine (optional mounting kit is available).

Low to High Volume Production

The Rhin-O-Tuff Onyx HD4170 Rhin-O-Roll Coil Inserter is designed for low to high volume production and has 12 inch dual powered rollers with an adjustable lower roller for easier and more accurate coil insertion.
