Plastikoil Inserter Total Binder

MAPKTOTAL

One machine with two modes of coil insertion that can handle coil diameters from 6 to 50 mm. With this unit you can bind up to 350 books/hr. The vertical book placement can accommodate tabs or wider covers. It partners nicely with the TCB (Total Cut & Bend Dual Crimper).

Easy to Use

The flat top surface caters as an additional workstation, either stack or store unfinished or finished products on top. The solid frame can virtually fit on any table and countertop. Stop rolling the coil by hand; quickly move on to the next project with the PBS Industrial Roller Inserter.
