Akiles Pouch Laminator - ProLam-PLUS 330

MAPLALP-330

The Akiles Pro-Lam 330 offers a dual heat system for a more efficient lamination at lower temperatures. Dual heat system has 2 hot rollers plus top and bottom heat plates that are controlled electronically.

Electronic Control

For a fast, consistent and easy fine-tuning of temperature. Ideal when operator requires frequent changing of pouch thickness, pouch composition or when laminating different materials.

ProLam-PLUS 330

Akiles Pouch Laminator

Features

- Metal Cover (Dual Color): For a longer lasting lifespan & a more professional, heavy duty look.
- Silicon Rollers: Provide the flexibility of laminating with or without a carrier.
- Metal Gears: To guarantee strength and durability.
- Forward / Reverse Switch: Allows easy corrective action for jams. i.e. when document is improperly fed or temperature was set too high.
- Heat / Cold Switch: Offers cold lamination function.
- 13" Throat: Extra-wide entrance for easy pouch feeding.
- Dual Heat System (heated rollers & heat plate combination): For a more efficient lamination at lower temperatures. Allows for a perfect lamination of all standard pouch thicknesses (from 3 mils up to 10 mils).
