Triumph Cutter 5255

MARL5255

The MBM Triumph 5255 Automatic Programmable Paper Cutter includes features such as a programmable "EP" back gauge control module, an LED display that stores 9 programs (up to 9 steps each) of frequently used measurements, a control module that features repeat cut and eject functions, an electric blade, clamp, and back gauge drive, an automatic clamp that can be lowered or raised independently from the blade, and an electronic hand wheel with variable speed control for manual back gauge setting. This cutter also includes dual side guides on front and rear tables, stand with storage shelf, easy-access tool holder, and paper blocking tool.

Easy to Use

Patented EASY CUT blade activation bars ensure true, two handed operation and allow blade and clamp to be activated independently.
