HLA-2301 Automatic Laminator

MARLHLA2301

The newest, commercial-grade Fujipla laminator by Dry-Lam has everything you know and love about the previous ALM line for automatic feeding, laminating, trimming, and stacking sheets, but is now faster and better with improved features and functionality! Laminating up to 68" per minute, it is 25% faster than the ALM3230.

Improved film roll installation

Proprietary chip-reading design automatically sets to the correct temperature for the film in use. The HLA-2301 includes a stand with waste basket to collect scraps.
