Revo-Office Automatic Encapsulation Roll Laminator

MARLREVOOFFICE

The Revo-Office is the first film cassette laminating system that combines automatic feeding, laminating and cutting in one process. Top opens easily to lift out film cassette and to clean. With a push of a button, laminate quickly without the need of operator assistance per sheet. Compact size, simple operation and speed makes this laminator perfect for the office, school environment or print shop.

Easy Film Replacement

Top opens and film cassette lifts out for easy change and replacement.
