VersaLam 2700 EP 27"

MARLVE2700EP

The Versalam 2700EP is a heavy-duty metal construction laminator suitable for school, office, or commercial printing use. This laminating machine can perform one or two sided lamination processes in addition to mounting. The Versalam 2700EP's heated silicone rollers and variable speed and temperature controls ensure a bubble and scratch-free result.

Variable Speed & Temp Control

The 2700EP features, Variable speed & temperature control, mounting capacity of up to 1/4" and maximum laminating thickness of 10mil film.
