## Rotatrim Powertech

The PowerTech is a powered version of the Technical, operated via foot pedal. Heavy-volume, large-format shops will see a quick return on investment through reduced manpower and increased productivity. It also features special Sheffield “tool” steel blades designed to offer enhanced durability under extreme operational loads. With high chromium content, these blades are exceptionally slow wearing, even when cutting the most abrasive materials.

### Rugged steel stand

The steel stand offers rigid support at the ideal working height of 34 inches. Black finished, this stand includes an integrated, transparent spacesaving waste catcher that secures off cuts.

# PowerTech

Professional Trimmer

## Features

- The PowerTech frees both hands and decreases operator fatigue.
- The trimmer is electrically driven through a steel-reinforced belt for longevity.
- A strong 1 ½” stainless steel guide rail completely eliminates head swivel.
- A triple roller mechanism for extremely heavy-duty cutting (maximum cut depth of up to 3mm).
- An auto-lifting clamping mechanism locks materials into place as the head begins to cut, then automatically releases at the completion of the cut; prevents material and substrate scratching.
- The PowerTech’s higher torque (0.5M/second) is ideal for trimming heavy materials.
- Self-sharpening Sheffield Steel cutting wheel.
- Extremely heavy-duty use.
