FD125 Business Card Slitter

MASLFD125

The FD 125 Card Cutter is ideal for on-demand processing of full-bleed color business cards, postcards, greeting cards and photos. With its capacity to cut a wide range of paper sizes in weights up to 350 gsm, users can create professional quality cards right from the desktop. The FD 125 automatically cuts and slits documents and stacks them in sequential order at speeds of up to 240 business cards per minute.

User-Friendly LCD Display

The FD 125 features an easy-to-use control panel with LCD display, and cuts sheets from letter size up to 13" x 19".
