## Tornado EX AutoPunch Machine
MASWTORNADO

The Tornado Autopunch EX is an industry breakthrough system that automatically feeds, collates, punches and delivers book stacks ready for binding in a single platform.

## Easy to Use

The Tornado delivers unparalleled flexibility and enables concurrent binding operations. The 7" touch function makes programming jobs, set-up, monitoring and changeovers easy.

# Features

- A single off-line automated collation and punching platform to meet the needs of your on-demand print environment with a quick return on investment.
- Powered by BDT's patented Tornado Technology to separate, lift and transport the widest range of media, including printed media and other book components like covers, tabs and inserts.
- Two Interposer Bins hold up to 1" of media, auto-collating front/back covers, inserts and index tabs into the book stack prior to punching. No manual collation required.
- High-Capacity Main Bin holds up to 2500 sheets, including mixed media.
- Proven Rhin-O-Tuff technology punches up to 10,800 sheets per hour.
- Book stacks exit collated and ready for binding, enabling operator's to start the binding process while the punching job is still running, saving time and labor.
