 Binding Materials

## Plastikoil Binding

Plastikoil binding is a continuous plastic that winds through punched holes. The soft plastic coil will bend but never crack. Plastikoil books lay flat, stay flat & turn a full 360 degrees. Plastikoil swings back into shape. Looks great on calendars, cookbooks, instruction manuals and more.

Over 40 Custom Colours Available  
Standard Colours Listed Below

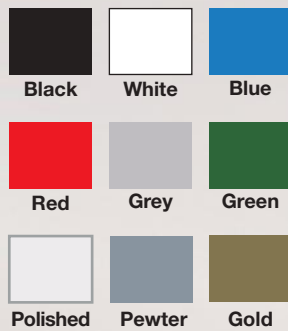

**Note:** The column "Number of Sheets", is a general guideline using standard 20lb photocopy paper and includes two 10pt covers.

## Custom Imprinting

Trust your important work to Southwest Business, for that personal and professional finishing touch. You'll be amazed by our prices and you'll appreciate our quality and fast service.

## Wire-O Binding

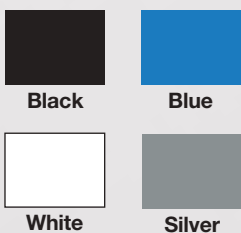

Wire Binding systems will give your publication that professional look. Wire Binding keeps pages in perfect register and will allow the publication to lay flat when opened. This tamper-resistant binding system also lets your books open a full 360 degrees.

Diameter of Wire	Number of Sheets 20lb bond w/ Cover	Wire-O Pitch 3-1	Wire-O Pitch 2-1
1/4"	25 sheets - 50 pgs	●	●
5/16"	40 sheets - 80 pgs	●	●
3/8"	50 sheets - 100 pgs	●	●
7/16"	60 sheets - 120 pgs	●	●
1/2"	70 sheets - 140 pgs	●	●
9/16"	90 sheets - 180 pgs	●	●
5/8"	110 sheets - 220 pgs	●	●
3/4"	150 sheets - 300 pgs		●
7/8"	170 sheets - 340 pgs		●
1"	190 sheets - 380 pgs		●
1-1/4"	230 sheets - 460 pgs		●

## Metal Binding

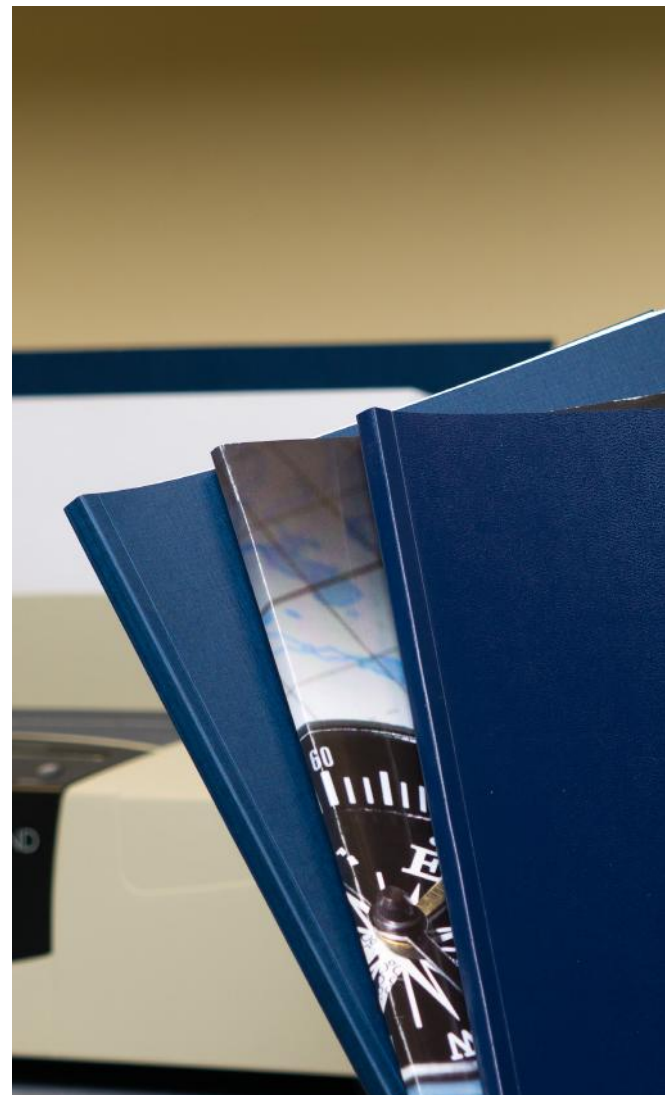

Metal binding (aka Spiral-O Bindings) give your documents added strength and allow you to use your current plastic binding punch. Metal Bindings are stocked in black and white, in various sizes.

Diameter of Wire	Number of Sheets 20lb bond w/ Cover
1/4"	25 sheets - 50 pgs
5/16"	40 sheets - 80 pgs
3/8"	50 sheets - 100 pgs
7/16"	60 sheets - 120 pgs
1/2"	70 sheets - 140 pgs
9/16"	90 sheets - 180 pgs
5/8"	110 sheets - 220 pgs
3/4"	150 sheets - 300 pgs
7/8"	170 sheets - 340 pgs
1"	190 sheets - 380 pgs

## **Thermal Binding**

Thermal Binding Systems are a quick, easy way to professionally display your documents and presentations. By heating the glue within the cover, the inserted paper binds seamlessly. Binding can be completed with minimal effort and within minutes and delivers high-quality presentations without the high cost of labour saving you time and money.

### **Number of Sheets to be Inserted**

### **Spine Width Required**

1-10	1/16"
11-30	1/8"
31-45	3/16
45-60	1/4"
60-75	5/16"
66-90	3/8"
90-105	7/16"
105-130	1/2"
131-162	5/8"
163-195	3/4"
196-228	7/8"
229-260	1"
261-325	1-1/4"
326-390	1-1/2"
391-455	1-3/4"
456-500	2

**Note:** Sheet counts are based on 20lb bond paper. When you get close to the maximum capacity of a thermal bind cover it is best to move up a size.

## **Fastback Tape Binding Strips**

Fastback Tape Binding Strips give your documents a perfect "book" binding edge using your existing covers. They come in an array of colours and you can even foil stamp on them in minutes for a more personalized professional finish.

## Custom Imprinting

With an array of personalized options to choose from, customize your business materials with Southwest Business. Give all your documents the attention they deserve with custom imprinting from Southwest Business. Call today for a free quote.

### Custom Options:

#### Embossing and Debossing

Embossing raises your company name or logo and debossing pushes in your company name or logo. These finishes can be added to your Report Covers, Thermal Covers, Vinyl Products and Binders.

#### Foil Stamping

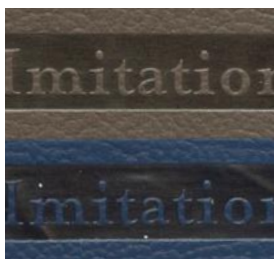

Foil Stamping adds colour and shine. You can combine foil stamping with debossing to add an extra detail to your Report Covers, Plastic Comb Bindings, Thermal Covers, Vinyl Products and Binders.

#### Offset Printing

Offset print your presentation products either in black or coloured ink.

#### Silk Screening

Southwest Business Products can silkscreen Plastic Comb Bindings, Report Covers, Press Snaps, Clamps, Thermal Covers and Vinyl Products. Let your presentation products stand out from the rest.

## Custom Binders

Southwest Business offers a variety of custom options to elevate the look and feel of your binders and business materials. Call today for a free quote!

### Casemade Binders

Heavy duty binders are glued onto heavy duty board for that indestructible feel and look. Available in all sizes and styles. Let our experts guide you in the development of reproduced graphics in the colours or combinations that you desire. To complete your custom binder, ensure that your selection of tabs compliment your style and taste.

### Offset Printed Binders

An economical alternative, our .015 gauge pressboard binders are available in several styles, and colours.

#### Standard with choice of fastener:

- Ring metals from 1/2" to 2" capacities or spring action fastener for holding unpunched pages, or Expandable 2-hole paper prong fastener for larger capacity

### Industrial Poly Binders

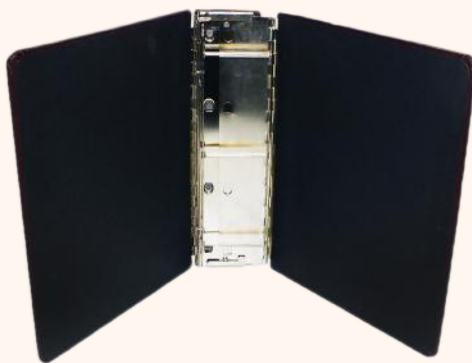

High quality polyethylene is a lightweight, yet extremely durable material. Poly will resist grease, scuff marks and can withstand high or low temperatures.

### Castillian

Castillian upgrades the look and feel of any binder, portfolio or certificate holder. Castillian has a rich soft feel that can be foil stamped or debossed with exceptional results. Call us today for a free sample.

### Expandable Post Binders

Expandable post binders from Southwest Business Products enable you to easily add pages as your needs grow. Just expand the spine for over 50% more space. Post binders give you the choice of fixed or expandable construction, in capacities from 1" to 4". Customized your binder by printing your company logo.

### Vinyl Custom-Imprinted Binders

Ring binders are an organizational standard for any office. Choose Southwest Business Products binders for the quality your company deserves. Custom Imprinted Binders offer you a variety of textures and colours which can be custom decorated and give you years of service at an affordable price. Whether it's for office use, presentations or filing, it's hard to beat a Southwest Business Products three ring binder.

### Stitched Binders

Have the look of leather for 1/3 of the price. Heavy duty supported vinyl with stitched edging, brass or nickel corners.

**Please call for  
a full Price List**

Many different styles, colours, and  
products are available.

1-877-285-7044

## Landscape Products

These binders are made for projects requiring landscape documents, with the rings mounted on the short side of the page. Vinyl and polyethylene materials are available.

Rings mounted on 11" side of 11" x 17" paper.

## Small Format Binders

Perfect reference manuals, price lists and rate books. 3-Ring Binders for 8-1/2" x 5-1/2" or 9-1/2" x 6" sheet sizes are available with metals that have double opening and closing boosters in capacities from 1/2" to 2-1/2".

### Features:

- Available in all of our vinyl colour and grain combinations.
- Other sheet sizes and capacities are available.

## Binder Cartons

Need to ship single binders? We have the solution for you. Our binder cartons are designed especially for you. Ships flat; just fold and tape. Southwest Business Products stocks individual shipping boxes for 1", 1-1/2", 2, & 3" binders. Prevent your binders from being damaged, call or e-mail us today.

## Legal Size Vinyl Binders

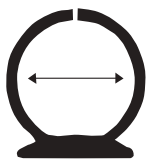

14 x 8-1/2 with clear inside pockets, 3 or 4 ring metals from 1" to 2" capacity. For Custom Legal Size Binders call Southwest today!

## Binder Decorating Styles & Accessories

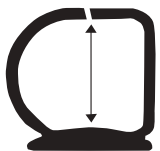

Southwest Business offers an array of decorating styles and to take your binder customization further. These options will help you create a unique look and feel of your business materials.

### How to measure the ring capacity of a binder:

#### Round Ring

Measure the inside of the ring from side to side

#### D Ring

Measure the middle of the ring from top to bottom

#### Slant-D Ring

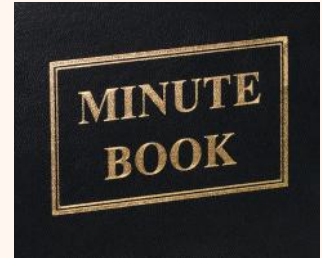

Measure the inside of the slant

## BINDER SHEET CAPACITY

Size	Round Ring	"D"	Slant "D"
1/2"	90	-	-

- Guaranteed to work in all makes and models of laminators
- Laminating film is available in 1.5mil, 1.8mil, 3mil, 5mil and 10mil thickness
- Variety of widths: 9" to 55"
- Core sizes of: 1" , 2-1/4", 3"

### **OPP Film**

OPP is a soft film that folds easily and features inherent dry erase (wipe-on, wipe-off) properties.

### **Nylon Film**

Nylon films are extremely popular for one-sided applications due to its stable and non-curling properties. Nylon does not stretch or expand when exposed to heat.

### **PET (Polyester) Film**

PET features excellent scuff and scratch resistance, durability, and folding characteristics. It has high tensile, tear, and impact strength. PET films do not contain plasticizers or become brittle with age.

### **Gloss Finish**

A premium clear thermal film; PET Gloss finish provides a bright, shiny surface which enhances image colour and sharpness.

### **Matte Finish**

The Matte creates a soft finish that reduces glare, and helps hide slight imperfections.

### **Velvet Touch Matte Finish**

Velvet Touch Matte film creates a haze-free matte finish that will not distort graphics or shift colours. Offering added scuff resistance with a soft velvet touch.

### **Dry Erase Film**

A premium high quality gloss film that you can write-on and wipe-off using standard dry erase pens.

## Laminating Pouches

Laminating pouches offer a quick and easy solution for giving your documents added durability and professional touch. Our inventory ranges in size, thickness, look and feel. With a variety of stunning options Southwest Business serves all of your laminating needs.

### **Padding Glue**

Southwest's padding glue is made from a white compound and is perfect for gluing onto our padding boards.

**More Colours and Styles  
Available upon Request**

## Fusing Foil

Fuser Foil adheres to the dry toner used in most black and white copiers and laser printers. Foiling applications are very popular for wedding or other invitations, award certificates, creating borders for craft projects, adding an oomph to business cards or letter head.

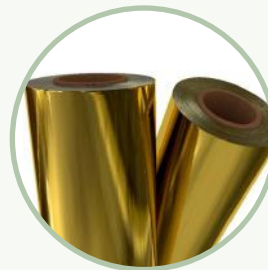

Foil fusing is a process where foil is bonded to a toner image area that was created using either a laser printer or a copy machine. Foil fusing does not require any type of dye.

### Options:

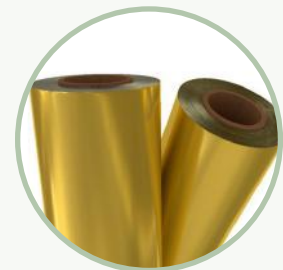

#### Southwest Fusing Foil 3" Core

Size: 12" x 500 ft x 3" Core

Miscellaneous

## Miscellaneous Bindings

### Docket Holders

- Rigid clear plastic with stitched reinforced vinyl around edges
- With or without an eyelet on top
- Reinforced colours in black, green, blue and burgundy
- Sizes Available: 6" x 9", 8-1/2" x 11", 8-1/2" x 14", 9" x 12", 9" x 14", 11" x 14" and 11" x 17"
- Custom sizes available on request

### Loose-Leaf Rings

Loose-Leaf Rings are individual binder rings which provide a quick and easy binding solution. There is no limitation to the paper size of your document and you can remove your Loose-Leaf rings and edit your document at any time.

### Chicago Screws

Chicago screws hold loose papers together. From 1/4" to 6" with extensions available for even greater sizes.

### Prong Fasteners

Simple binding for punched sheets. Available in 2-3/4" and 8-1/2" spacing.

## Menus

Southwest has a wide variety of menus to fit your unique needs. Using the finest of materials and workmanship, we can manufacture a wide range of menu covers and related products, customized for your restaurant.

### Best Value Clear View Menus

Clear Stitched Menu Covers allow you to display your menus in an affordable yet durable format. We double turn and double stitch the trim for added strength and protection.

### Express Stock Menus

The Express Stock Menu is assembled with 4 page protectors for a 8 view menu. It allows you to design a cover suitable for both your budget and your image. The covers can accommodate up to 8 clear page protectors that are held together with two Chicago screws.

### Custom Menus

These finely crafted menu covers come in a variety of materials, colours and styles. Foil stamp or deboss with your logo for an additional charge (call for details).

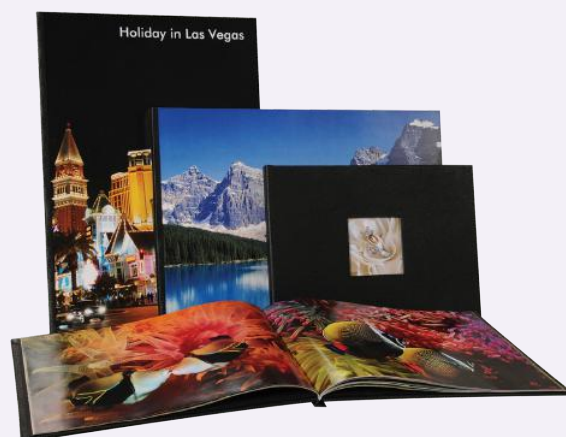

## Photobooks

Southwest offers a wide variety of photobooks to fit your unique needs when it comes to creating a place for your memories to live. Create a splash with professional-quality, custom printed photobooks. Available in spring lock binding, Fastback tape binding, unibind with die cut windows, and more, we'll help you choose the best option to showcase your artwork.

### **Fastback & Fastbind Binding System**

Bind "Photo Books" in-house with the highest precision and impress your clients, prospects, family and friends. Fastbind provides the highest quality photo books, giving the user full control of customization. It's a fast and easy binding solution.

### **Fastback Hard Cover Guide**

You can create your own personalized front/back cover with the Fastbind Hard Cover Guide. The Fastback guide lets anyone make professional quality hardcover photobooks in just seconds. The Fastback Hardcovers are designed with the adhesive built in, eliminating messy glue pots.

## Spring Lock Photobooks (Pinchbooks)

Pinchbooks™ are an incredible innovation in the photobook and presentation market. No equipment is required to create beautiful, professional hard cover books.

Pinchbooks™ are reusable, expandable, and use no harmful and messy glues to hold the pages together. Simply pull back the cover to make the spring-clamp open up, insert the pages, and it snaps back together. The stop at the bottom of the spine ensures that all of the pages are perfectly aligned.

Southwest's improved SpringLock Pinchbooks now come in more colours, sizes and finishes. We also offer options with front window covers for added visibility of your photographs. Please call today for more information on pricing and availability.

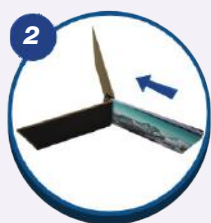

### Features

- No equipment required
- Window rectangle 4" x 3" centered on the front
- Add or swap pages any time with unique, expandable binding
- Customizable foil stamping
- Customizable cover

### Call for available sizes

### TCB - Total Cut & Bend System

- Accommodates coil diameters from 6mm to 50mm—with the same crimping heads
- Longer crimp achieved as coil diameter increases
- Available in a Single or Double-Sided crimping unit
- Electric or Compressed air actuated
- No tools required for changeover
- Easy to follow decals to guide operator through setup & changeover
- Removable off-cut tray makes disposal of off-cuts quick and easy

### PBS Koilmatic Automatic Inserter & Cutter

- Productivity: Up to 450 books/hour
- Coil Capabilities: 8mm to 20mm (1/8" to 5/8" book thickness)
- Binding Edge Capabilities: 8.5" / 11" / A5 / A4, in 0.2475" pitch
- Preset Cut & Bend - Conveniently set for the common 8.5" or 11" edge
- Foot Pedal Actuated
- Fully Electric - No air required
- No Tools Required For Basic Setup & Changeover
- Vertical Book Placement Can Accommodate tabs or wider covers
- Electrical - 110 V or 220 V single phase

## Tornado EX Autopunch / Collator

The Rhin-O-Tuff Tornado Autopunch EX is an industry breakthrough system that automatically feeds, collate, punch and deliver book stacks ready for binding in a single platform. Save up to 40% in process efficiency which will dramatically reduce your overall costs. The Tornado delivers unparalleled flexibility and enables concurrent binding operations.

The 7" touch function makes programming jobs, set-up, monitoring and changeovers easy.

### **Advanced Media Handling Technology**

- Powered by BDT's patented Tornado Technology to separate, lift and transport the widest range of media, including printed media and other book components like covers, tabs and inserts

### **Accommodates Mixed Media Run on Digital/ Offset Printers**

- High-Capacity Main Bin holds up to 2500 sheets, including mixed media.

### **Heavy-Duty Auto-Punch Technology**

- Proven Rhin-O-Tuff technology punches up to 10,800 sheets per hour.

## Tape Binding Systems

### Fastback Image Blank Strips

You choose the graphics, colors, branding and logos, design using our template, print your designs on an inkjet printer and you have a customized book.

- Design your strip using a template
- Print your designed strips on an inkjet printer using the Powis Image Blank Sheet
- Release the printed strips from its back sheet. Bind using Image Strip mode on the Fastback 20

### Fastback Super Strips Tape Binding

Bind your documents for a strong and lasting professional appearance. Your bound documents can have a completely unique look and personalized messaging.

### Fastback 9

FASTBACK 9 binder quickly binds individual sheets into an assembled book, ensuring that the book contents are properly organized and aligned.

- Affordable yet powerful
- Easy to use
- Binds from 10 to 150 sheets in less than 45 seconds
- Simple tabletop operation

### Fastback 20

The Fastback 20 works with all of the Powis binding materials, from the versatile Super Strip to the customized Image Strip to the Perfect back Strips for perfect bind books. It can create anything from a simple report to a 350-sheet hardcover book.

## Thermal Glue Binding Systems

### Thermal Binding System

Thermal Binding Systems are easy as 1, 2, 3, for professionally bound documents in seconds. Covers come in any size and colour with a strip of glue on the spine.

- Insert your sheets into the covers
- Insert 1 to 10 books into the thermal binding machine
- Press the button and your books are bound!

### Super T80 Thermal Binder

- Binds up to 350 sheets/700 pages (1-3/8" thick book)
- 15" maximum document length
- 30, 45 and 60 second timed cycles
- Automatic start and stop cycle
- Automatic document clamping and jogging
- 3 cooling fans in the cooling rack
- Lightweight and portable

### Library Quality V.I.P. Hardcovers

The V.I.P. covers are casemade with heavy duty construction, wrapped with leather-like material.

- Insert your pages into the V.I.P. covers
- Place 1 to 10 books into your binding system
- In one minute you have a hard cover library book

### Hard Covers

To make a longer lasting impression, Hard Cover Thermal Binders are the solution. Hard Cover Thermal Binders will look polished and professional. Customize your hard covers with 1 color to 4 color offset printing, foil stamping, silk screening or custom die cuts. With the adhesive glue strip pre-applied to the spine, they come ready to use.

## Fastbind Elite XT Perfect Binder

### Fastbind Elite XT

Fastbind Elite XT EVA Hot Melt binding machine offers the greatest flexibility up to the largest formats for hard and soft cover books, tear-off pads, and more.
