

SOUTHWEST BUSINESS PRODUCTS LTD.

— From Bindings to Branding —

TRIMMERS

A must in every print shop. Trimmers are used to trim documents to get that perfect finish.

Southwest helps you by taking in your used equipment as a trade-in towards the purchase of brand new equipment

Interested in upgrading to new equipment, but you're not sure what to do with your existing one? Do you have equipment lying around that you are no longer using? Want to save even more money on the purchase of new equipment?

We will consider all trade-ins regardless of what you are buying. Looking for a new laminator, but need to clear out space by removing the binding equipment you are no longer using?

We can take care of that for you.

■ Protractor

Protractor with alignment indicators on clamp bar and cutting table for angle cuts (model 17" Rota Trimmer).

■ Ergonomic Blade

The self-sharpening Tungsten blade is made of die-casted alloy for durability and a reliable sharp cut (Roll-A-Blade models).

■ Twin Sliding Poles

The twin sliding poles guide the blade with extreme stability, for an accurate cut (Roll-A-Blade models).

■ Precision Rule & Cursor

Keep your trimming true and perfectly square. The cursor allows for easy repeat cutting (RotaTrim M Series-2 models).

■ Safety Cutting Head

The safety cutting head encloses a self-sharpening blade (Triumph 41", 53" and 61" floor models).

■ Paper Collection Tray

A convenient collection tray catches waste paper, ensuring a neat work area (Triumph 41", 53" and 61" floor models).

■ Rotary Blade Standard

Ideal for trimming thin strips off banners and posters where a knife blade would be too aggressive (Javelin Series-2 models).
